Subject: Request for Information Odessa Biodiesel Site

Hello Ms. Leefers,

I signed for this certified mail on Tuesday, February 13, 2018. I have begun working on the response documentation required, however, I do not feel I will be able to complete the packet before the 21 day timeline has expired. I would like to request additional time to complete the packet, extending the deadline to March 30, 2018.

Please notify me as soon as possible if that extension request can be granted.

Thank you,
Stacey
